## Women Cancer Support

501(c)(3) Nonprofit Organization

Dear

Our 3rd Annual *Canines Fur Cancer Support Walk* will take place on Friday, June 24, 2022 at the Morgan Road Pavilion (behind the Irish Cultural Center) in West Springfield, Massachusetts. This event is meant to raise funds for programs hosted by Each Moment We're Alive (EMWA), a 501(c)(3) non-profit organization whose mission is to empower women cancer survivors through workshops and programs that incorporate music, books, beauty and action plans to move beyond cancer. Our goal is to raise money to support EMWA's programming.

We believe that a person is not defined by what happens to them, they are defined by how they respond. Many women struggle to find a "New Normal" after a cancer diagnosis. Treatments are typically centered on doctors, testing and treatments, but little attention is paid to what happens when treatments end. It is a tragedy that many survivors are left wondering "what's next" and trying to pick up the pieces and move on with their lives. Local cancer centers offer comfort measures for those going through treatment but leave many feeling alone and vulnerable when treatments end.

Survivorship programs such as the ones offered by EMWA help with the feelings of isolation and anxiety that often come when treatments end. Since the pandemic began, EMWA has been able to support women throughout the United States and even in Canada. **We look forward to continuing to serve our community but we need your help!**

We're currently looking for sponsors who would be willing to help us reach our fundraising goal. Can we count on you to help?

As a thank you for your generosity, we would like to promote your business at our event and on our social media pages. We hope that we can count on you to help us make this event our best one yet.

Thank you in advance for your contribution. We hope to see you at our Canines Fur Cancer Support Walk!

With Love and Appreciation,

*Cindy Sheridan Murphy*

Founder / Womens Empowerment Coach / Cancer Survivor
