

## Each Moment We're Alive, Inc

P.O. Box 651, West Springfield, MA 01089

I am writing on behalf of Each Moment We're Alive, Inc., a nonprofit actively engaged in supporting women to move beyond their cancer diagnosis. Founded by a cancer survivor, we know firsthand that cancer support is often most needed after the treatment period. A resounding number of patients are left wondering how to go on with their lives, after their energy and health has been depleted, along with their emotional and financial resources. Many cancer organizations focus on research and comfort during active treatment, and we have seen that our work fills a huge gap

You have been recommended to us as a company known to support worthy causes and we are asking for you to join our efforts. We are currently focusing on our annual fundraiser, *Canines Fur Cancer*. By using dogs as captains of fundraising teams we garner a wide range of interest for people to include their dogs in creative and fun ways.

If you are kind and generous enough to join us, we provide a framed description of our fundraiser with a donation box for you to display at our facility. Each donator will write their animal name on the dog bone attached to a leash.

We hope you will join us in this lively fundraiser. We and so many women struggling with cancer wholeheartedly thank you!
